How We Use Cookies

We send "cookies" to your computer and use other technologies to enhance your online experience. A "cookie" can be either permanent (i.e., it remains on your computer until you delete it) or temporary (i.e., it lasts only until you close your browser). A "cookie" is a small text file that helps us recognize repeat visitors, facilitate the visitor's ongoing access to and use of the site, and track usage behavior and compile aggregate data that can lead to website improvements. If you do not want information collected through the use of cookies, you can deny or accept the cookie feature using a simple procedure available in most browsers. If you block cookies, however, you may lose some website functionality.

Is My Credit Card Information Secure?

We use a variety of safeguards to protect the security of your credit card transactions. We use technologies and processes such as encryption, access controls, network firewalls, physical security and other measures. These measures make it extremely difficult for anyone to intercept the credit card information you send to us. When we work with other companies to process credit card transactions, those companies also use encryption and other security measures. You can make financial contributions online, by mail, or by calling TAPA at (512) 703-2156.
